# Summer PLAYGROUP

## Programme Outline

The programme contents are including Letterland phonics, storytelling, musical games, visual arts, physical exercises and group activities etc., to help toddlers develop their language, social, emotional and motor skills so as to enhance their potential according to the development stage. Toddlers learn in a happy, nurturing environment that prepares them for the next learning stage. One set of Chinese and English storybooks will be distributed in class.

Parents involvement is essential to the development of a child. Our playgroup offers parents fun ways to extend their child's learning beyond the classroom. Parents are invited to attend a parent seminar to further explore the different ways of nurturing their child. Parents can act as learning partners at home and guide their child through a journey filled with joy and wonderful moments.
